## Teaching Innovation and Curriculum Development

Revise Existing Course. B418-Community and Population Health. Summer 2023.

This course changed textbooks and resources based on student feedback. Revision of the course was necessary due to updated Healthy People 2030 guidelines and COVID 19 information. New assignments were created along with quizzes and the use of ATI materials such as Swift River and Engage Community Health.

Revise Existing Course. B330-Transcultural Health Practices. Spring 2023.

This course changed textbooks and resources to update content. Revision of the course was necessary due to outdated materials and textbook. New additions such as exams, vocabulary quizzes and discussion board topics were added to go along with the content.

Spring 2023-Summer 2023. Assisting with writing of Standard II for the CCNE Self-Study

New Degree Program. Traditional BSN Program. August 31, 2021 – August 1, 2022.

We are currently working on designing the new Traditional BSN program for the College of Nursing. We will be working on the Curriculum Proposal, Model Schedules, and Course Descriptions to present to full faculty during the Fall 2021 semester. The goal is to have this program in place by Fall 2022.

Curricular Development. BSN. September 2019 - Present.

Currently revising all BSN course outcomes. In 2021, the AACN revised the AACN BSN Essentials. We are currently in the process of going through the domains and wording of the Essentials to ensure our program focuses on those areas. This includes program description, conceptual framework, program outcomes, course outcomes. The BSN team meets monthly or more frequently to work through this process.

Revise Existing Course. 4440-Application of Evidence Based Nursing. January 15, 2021 - April 15, 2021.

This course changed from 4 to 5 credit hours and increased from 60 clinical hours to 120 clinical hours during the Summer of 2021. Revision of the course was necessary and included weekly journaling activities, additional presentations to gain peer feedback prior to implementing a change, and a submission of an electronic portfolio.

Revise Existing Degree Program. RN-BSN Program. January 2019 - May 2019.

Revised Program Outcomes and aligned each course outcome with the new program outcomes. In addition, each course description was revised and mapped to the new program outcomes, BSN Essentials, ANA Code of Ethics, and QSEN.

CCNE 5 year Report, Department. (January 2019 - May 2019).

Program Development. Pathways for Success Program for the ASN students at FSU. January 2014 - May 2014.

I helped develop a program for students who fell into a high-risk category for not succeeding in the nursing program. The program was designed for one-on-one mentoring with a faculty member. Modules were created to help improve test taking, time management skills, and study skills.

Curricular Development. FSU ASN Curriculum Revision. March 28, 2014.

The ASN Committee worked on the framework outcomes, and assessment for the new curriculum to be introduced in Fall 2015
