TITLE IV FEE AUTHORIZATION None ▾

The U.S. Department of Education requires that Federal Title IV financial aid funds only be applied towards allowable institutional charges such as tuition and fees, and university housing and meal plans when applicable. However, with your authorization, the University can apply any Federal Title IV financial aid funds you receive to non-institutional charges appearing on your student account for the current academic year and up to \$200 of non-institutional charges for the prior year.

Example: If this authorization is not provided, charges such as a parking permit or a health center charge, or a balance due of less than \$200 from the prior year could NOT be paid by your Title IV financial aid funds. You may need to pay these charges using other funds.

Federal Title IV funds to which this statement applies include: Federal Pell Grant, Federal SEOG Grant, Federal TEACH Grant, Federal Perkins Loan, Federal Direct Subsidized Loan, Federal Direct Unsubsidized Loan, and Graduate PLUS Loan.

TITLE IV FEE AUTHORIZATION STATEMENT

I authorize the University of South Carolina to apply any excess Title IV financial aid to non-institutional charges appearing on my student account for the current academic year.

I also authorize the University to apply any excess Title IV financial aid for up to \$200 of non-institutional charges for the prior year.

I understand that these authorizations are valid from the date of completion throughout my academic career at USC. I may change one or both of these authorizations at any time by notifying the Office of the Bursar in writing at University of South Carolina, Office of the Bursar, Columbia, SC 29208.
