

The New Student Guide to Class Schedules and Registration

Q: How do I find my class schedule?

A: Log into Self Service Carolina (my.uscb.edu) and then click STUDENT, then STUDENT PROFILE, then CONCISE STUDENT SCHEDULE or DETAILED STUDENT SCHEDULE.

Q: What does a course schedule look like?

A: We have provided a sample schedule below with details on important items of the schedule.

SAMPLE STUDENT SCHEDULE

This is the subject code and tells you what subject your class is in.

SPAN

This indicates which USC system campus your class is on. A is for Aiken, B is for Beaufort, S is for Salkehatchie, etc.

B101

This is the course number. 100-level courses are usually less intense and geared toward newer students. Higher-level courses, like 400-level ones, are usually reserved for upperclassmen (juniors, seniors).

001

This is the section number. There can be multiple sections of the same course offered in a semester. Different sections can meet in different places at different times and be taught by different professors, but they all teach the same material. The section number helps identify which day/time and location/instructor you have.

96770

CRN stands for COURSE REGISTRATION NUMBER. Each class has a unique 5-digit CRN assigned to it. This tells the system what class you want to register for.

REGISTERED COURSES					
Course Title	Details	CRN	Hours	Registration Status	Instructor
Studio Arts for Non Majors	ARTS B101 02A	28320	3	Registered	Eliot Joanna Angell
Composition and Rhetoric	ENGL B101 013	28563	3	Registered	Robert Wintford Harris
Plant Science	BIOL B200 001	28691	3	Registered	Salome Litwin Krebs
Plant Science Laboratory	BIOL B200L 01L	28692	1	Registered	Salome Litwin Krebs
American National Government	POLI B201 01W	28954	3	Registered	Kevin Casey Dopf
Student in the University	UNIV B101 B02	30957	3	Registered	Warren Cobb
Total Hours Registered Hours: 16 Billing Hours: 16 CEU Hours: 0 Min Hours: 12 Max Hours: 18					

By selecting the course CRN Number a detailed view of the course will open. Select "Instructor/Meeting Times" to display the course's Lecture class days and times, Lab course days and times (if required), and Final exam date and times.

Instructor: Luvitt, Laurie (Primary)

Q: What day(s) of the week are my classes?

A: M is for Monday, T is for Tuesday, W is for Wednesday, T is for Thursday, F is for Friday, and S is for Saturday. If your class meets "MWF" then it meets on Mondays, Wednesdays, and Fridays. If it meets "TT," then it meets on Tuesdays and Thursdays. You will see an additional meeting time for courses with a required lab time. You must attend both the listed lecture days and times and the listed lab days and time.

Q: When are my final exams?

A: Final exam dates and times are listed on your schedule below the lecture/lab times for each course. You will see two sets of start and end dates for course lectures/labs and the final exam time will show the same dates for the start and end dates.

Q: What does "PART OF TERM" mean?

A: Some courses are full term courses, run for the full 16 weeks of the semester, and others are 1st term or 2nd term courses, running for 8 weeks only. If you have a 1st Term course, the course will start when the semester begins and end the middle of the semester. If you have a 2nd Term course, the course will start the middle of the semester and end at the end of the semester. You can see specific dates in the "Start Date" and "End Date" listed. An 8 week half term course will display an "A or B" in the section number to indicate 1st (A) or 2nd (B) terms. An example is ARTS B101 01A – 1st term or ARTS B101 01B – 2nd term

Q: How do I know what campus my class is on?

A: We have THREE campuses. One is located in Bluffton, one is located in Beaufort, and one is located in Hilton Head Island. If you're planning to live on one campus, please make sure you have transportation to other campus courses! There are two ways to determine where your classes are located. First, you can look at the section number. This is a 3-digit number that immediately follows the course number (EX: SPAN B101-001). Use this chart to help you determine the campus based on the section number. All USCB courses will show USC Beaufort for the Campus regardless of course location, Bluffton, Beaufort, or Hilton Head Island.

SECTION NUMBER	CAMPUS
Three numbers (EX: 001)	Bluffton
"B" plus two numbers (EX: B01)	Beaufort
"S" plus two numbers (EX: S01)	Bluffton, but meets on Saturdays
"W" plus two numbers (EX: W01)	Online
"P" plus two numbers (EX: P01)	Palmetto College students only- Online; <i>(Sections Reserved)</i>
"P" plus "W" and one number (EX: PW2)	Palmetto College students AND other students- Online
"T" prefaced with two numbers (EX:01T)	Hilton Head Island
"HN" plus one number (EX: HN1)	Honors section; meets in Beaufort; <i>(Sections Reserved)</i>

The other way to determine what campus your class is on is to look at the classroom building, or location.

BUILDING NAME	CAMPUS
Hargray (HARG)	Bluffton
Science & Technology (SCITEC)	Bluffton
Library (LIBR)	Bluffton

Campus Center Multi-Purpose Room (CMPCTR)	Bluffton
Center for the Arts (CFA)	Beaufort
Marine Science Building (MSCIE)	Beaufort
Sandstone (SAND)	Beaufort
2WEB	Online
Hilton Head Hospitality Campus (HHHC)	Hilton Head Island

Q: People keep talking about needing “pre-reqs” for certain classes. What are they talking about?

A: Pre-req is short for pre-requisite. Some classes, especially upper-level ones, require you to take lower-level courses first (the pre-requisites) in order to prepare you with skills you need to succeed in future courses. You wouldn’t train for a marathon if you didn’t know how to walk, right? Think of pre-requisites the same way. For example, MATH 115: Pre- Calculus must be taken BEFORE you can take MATH 141: Calculus. You can look up pre-requisites in the back of the academic bulletin.

There’s also something called a co-requisite. If classes are co-requisites that means you’re supposed to take them together in the same semester—usually because the material you cover in one is complementary to the other.

Q: How do I know if a course on my schedule is needed for my major/degree?

A: The advising office will register incoming students for either required major courses or general education requirement courses. First Year students will also be enrolled into our UNIV B101, The Student in the University course. This is a recommended course for incoming students to best prepare for college. To find a full list of degree requirements students can check their DegreeWorks Planner. To access, log into Self Service Carolina (my.uscb.edu), then STUDENT, then ADVISMENT PLANNING, then DEGREEWORKS AUDIT, then BEAUFORT CAMPUS.
