INSTRUCTIONS FOR FILING A SATISFACTORY ACADEMIC PROGRESS STANDARDS APPEAL

FOR A SECOND UNDERGRADUATE DEGREE OR TEACHER CERTIFICATION

Students who have completed a first undergraduate degree are required to appeal for additional aid eligibility when seeking a second undergraduate degree or teacher certification. No financial aid will be awarded or loans certified until the completed appeal has been received, reviewed, and approved. Each appeal is evaluated; approval is not automatic. The committee will consider appeals prior to classes beginning each semester.

Completed appeals for any term/semester must be received in the Financial Aid Office by the established deadline.

Incomplete appeals or appeals received after this date will be reviewed prior to the beginning of the next term/semester.

General Instructions

1. Complete the top portion of the appeal form and follow the instructions outlining the documentation that is required.
2. The information from your faculty advisor is of particular importance to your appeal. Be certain all requested information is included.
3. If you have questions, call the Financial Aid Office and ask to speak with a counselor.
4. Return the appeal form with all requested documentation to the Financial Aid Office.
5. Incomplete appeals (information or documentation missing) will be returned to you upon receipt.
6. You will be notified in writing of the results of the committee's decision within seven (7) days of the committee's review of your appeal.

An appeal of satisfactory academic progress should not be considered lightly. You must explain why you are seeking a second undergraduate degree or teacher certification, your career goals, and a timetable for completion of these goals. Your typed and signed appeal as well as past academic performance and potential to successfully complete your selected program of study will be considered. The fact that you cannot continue attending the University without financial aid is in itself not a sufficient reason for the continued receipt of financial aid. While each case is considered separately, common factors the committee will consider are: past academic performance, your cumulative grade point average, and your potential to complete your educational program.
