Freshman applicants who meet the course requirements will be evaluated on the basis of high-school grades, class rank and entrance examination scores. These factors will be used to determine the applicant's probability of completing the requirements for the desired degree. Applicants who have earned a cumulative average of C+ on the defined preparatory above and who score 750 on the SAT or 15 on the ACT will be admitted to USC-Beaufort. Higher grades may offset lower entrance examination scores and higher examination scores may offset lower grades. Exception to admission requirements will be considered for applicants who present written documentation to the Director of Admissions for review and re-evaluation of original decision.
