Written Complaints

It is impossible for the Recreation and Intramural Sports Professional staff to be at every Recreation and Intramural game or event. The Director relies on reports by the Recreation and Intramural Supervisors, Coordinators or Managers to keep abreast of situations arising within the program. However, these reports may miss details in the situations. Participants are encouraged to submit written complaints or suggestions to the Recreation and Intramural Sports Director. These reports may be dropped off at The USCB Athletic Department Field house or emailed to the Recreation and Intramural Sports Director at gardner2@uscb.edu.
