Subject: Animals on campus
Number: 212
Issued by: Vice Chancellor for Finance and Operations
Revised: July 31, 2007

The appearance of the campus creates a strong early impression on prospective students and their families and on other visitors. Well-maintained buildings and equipment add not just to the comfort of students and employees, but to their productivity as well. Please be advised that animals are not allowed on the University campus unless ~~accompanying disabled individuals~~ **animal has been registered with and approved by** Student Development or Disabled Student Services.
