Non-traditional students at USCB are typically students who are 25 years of age or older. Non-traditional students may also be students who do not attend college the semester after they graduate from high school.

Admissions Requirements for Non-Traditional Students

Non-traditional students must submit the same credentials as other students (high school and college transcripts). Students over the age of 25 may not be required to submit SAT or ACT results; however, students without SAT or ACT scores must submit other credentials which provide evidence of reasonable academic potential.

Awarding Academic Credit to Non-Traditional Students

Students may validate the knowledge they have gained through work or public service experiences by submitting the results of CLEP subject exams, taking USCB challenge exams, submitting documents indicating educational experiences in the military, or submitting credits earned for USC correspondence courses. Appropriate scores, which have been established by the University, states that a maximum of 30 semester hours of non-traditional credit may be applied to a baccalaureate degree.
