

SUBJECT: Immunization Requirements
Number: 522
Issued by: Director of Admissions
Date: July 30, 2007

The University of South Carolina Beaufort has adopted the recommendation of the Centers for Disease Control (CDC), and the American College Health Association (ACHA) that all first year (incoming freshmen, under the age of 25) students provide proof of immunization with Menactra or provide a Meningitis Waiver Form declining the vaccination after reading the risks and hazards of bacterial meningitis as a condition of enrollment.

A. Effective Fall 2007, proof of immunization with Menactra is required of all residential students (under the age of 25) or the student must provide a Meningitis Waiver Form declining the vaccination after reading the risks and hazards of bacterial meningitis as a condition of enrollment.

B. Effective Fall 2008 all freshman and residential students under the age of 25 will be required to have proof of immunization with Menactra or the student must provide a Meningitis Waiver Form declining the vaccination after reading the risks and hazards of bacterial meningitis as a condition of enrollment.
