NON-ACADEMIC CODE OF CONDUCT

STUDENT NON-ACADEMIC DISCIPLINE SYSTEM

The purpose of this section is to set forth the specific authority and responsibility of the University in maintaining social discipline, the educational process of determining student and student organization accountability for violating regulations, and the proper procedural safeguards to be followed in this process to ensure fundamental fairness and protect the students and student organizations from unfair imposition of serious penalties and sanctions.

The mission of providing an educational climate conducive to learning is more than just educational programs and research facilities. It requires the establishment and maintenance of a climate that discourages conduct which distracts from the work of the University, interferes with the lawful exercise of rights by other persons, endangers the safety or security of other persons or their property, prevents the proper use of the facilities of the University, or impairs the maintenance of that environment which is essential to the operation of an institution of higher learning. For this reason, USCB is committed to maintaining social discipline among its students and student organizations.
