PENN SCHOOL

After Union occupation of the sea islands in 1861, two northerners, Laura Towne and Ellen Murray, came to assist the freed blacks of this area, establishing Penn School here in 1862. The earliest known black teacher was Charlotte Forten, who traveled all the way from New York to teach at the school.

Mission

The Osher Lifelong Learning Institute (OLLI) at the University of South Carolina Beaufort (USCB) is devoted to creating and sustaining a robust and thriving lifelong learning community specifically developed for adults 50 and older through intellectual and social programs.

From the Director

“OLLI is one of the best things about living here!”

Nancy – OLLI member

On behalf of the USCB OLLI staff and curriculum planning volunteers, it is our mission and pleasure to offer members a program that inspires curiosity and the joy of engaging in an active and robust lifelong learning program. Members have access to 100+ classes, tours, and trips, along with participating in a pilot program with the national OLLI office at Northwestern University. Enjoy the term ahead and continue sharing your feedback!

Andréa Sisino

Associate Vice Chancellor of Community Outreach
OLLI Director

What do you love most about working at OLLI?

Annette Claus, Program Administrator:

OLLI is not only an amazing place for members and instructors to share their interests and knowledge, but it also provides a tremendous sense of community and encourages social connections.

Terry Reed, Member Services:

It's the people and the connections I have made with them, the passion that our instructors have for sharing their knowledge and getting to work with such incredible people that I now call friends.

Marianne Conti, Program Administrator:

I absolutely love the community and courses that OLLI provides. I make new friends and learn something new every day!

MJ Simmons, Program Administrator:

It never ceases to amaze me the wealth of knowledge and passion our instructors and members bring to our OLLI classes!

Frankie Korosi, Program Administrator:

I have enriched my own personal life by surrounding myself with remarkable people—our OLLI Team, our members, and our OLLI instructors that show selflessness as lifelong teachers.

Andréa Sisino, Director:

I cherish our OLLI community! The interactions and friendships created between members, instructors, and staff, wrapped around a vibrant lifelong learning environment, is a life-changing gift.

CJ Oremus, Registrar:

When I see 'FUN-fantastic. Best class ever!' written on a course evaluation – our mission to our membership has been fulfilled.

Marcia Wilson, Admin. Assistant:

Working with the OLLI staff brings me tremendous satisfaction to experience first-hand our OLLI members benefiting from a diverse selection of courses for their personal knowledge, achievement, enjoyment, and well-being.

Road Map to Enjoying Your OLLI Program

This map is meant to provide quick tips and guidance so you get the most out of your USCB OLLI membership

WAYS TO ENGAGE

IN-PERSON - OLLI has designated classrooms on all USCB campuses. Most courses are held in person. Look for the In-Person designation listed next to each course on the course pages.

LIVE ON ZOOM - Many courses that are in person on campus are also offered simultaneously on Zoom. OLLI offers tech support for members who want to get the most out of their Zoom experience.

OLLI DIGITAL LIBRARY - A large selection of courses are recorded and added to the OLLI Digital Library. Unlimited Term members have the option to view classes on their own time, as many times as they choose, through May 2023 and do not have to register to watch a class via the OLLI Digital Library. PAYGO members now have the option to view classes on a Pay-Per-View registration.

FLEXIBLE TERM FEES

A ~ PAYGO (Pay As You Go) - \$15 per course

Pay for each class separately upon registration through the term.

- \$15 per course whether it is In-person, live on Zoom or Pay-Per-View

Random Draw

Some classes/tours have limited enrollment due to the nature of the course and the random draw process allows all OLLI members equal access to register. When registering, members signing up for limited enrollment courses are placed in a queue and **randomly selected on February 8, 2023** and contacted via email and phone to pay any PAYGO, supply, trip or tour fees. Those not selected initially will be placed on the waitlist in case of cancellations, which are very common.

Membership

Make sure your membership is current through the term; otherwise, you will not be able to register for classes beyond your membership expiration date.

REGISTRATION IS
CURRENTLY OPEN AND
RUNS THROUGH MAY 13

Delays

We understand schedules change. If you can not attend a class or tour, please call (843) 208-8247 or email olli@uscb.edu to cancel.

HENRIK DE GYOR is a consultant, podcaster, speaker, and writer. Henrik has written nine books and created nine podcast series. Henrik enjoys connecting the dots to bring awareness and clarity to niche technical topics. Henrik works remotely and lives with his wife in Bluffton, SC.

COMMUNITY INTERESTS**COI200: CROSS CURRENTS: CONSTRUCTIVE POLICY DISCUSSIONS AT THE GRASSROOTS BETWEEN LIBERALS AND CONSERVATIVES**

13 Sessions | Wednesday | In-Person only Feb 01, 10AM-12N

and 3PM-5:30PM, Bluffton campus | Zoom only Feb 08,

Feb 15, Feb 22, Mar 01, Mar 08, Mar 15, Mar 22, Mar 29,

Apr 05, Apr 12, Apr 19, Apr 26, 3PM-4:30PM

Cross Currents is a local discussion group that has operated for 3+ years to foster dialogue, understanding, and some problem-solving for politically difficult policy issues for America. Moderator Roger Bernier and two associates will describe and bring the Cross Currents experience to OLLI in a course with two phases.

PHASE ONE: First 2 sessions on February 1st will be in-person only. Speakers will explain the process and benefits of the Cross Currents method and illustrate it with case experiences. Also, speakers will organize and orient OLLI members who wish to participate in an actual Cross Currents dialogue on a specific public policy topic. Those members not wanting to participate in the discussion may choose to follow the discussions without participating directly.

PHASE TWO: Sessions 3-10 will be used to conduct Cross Currents dialogues. These sessions will be conducted via ZOOM only.

In addition, OLLI members who choose to follow rather than participate directly will be surveyed to track their reactions and opinions concerning Cross Currents progress and direction. The use of the Cross Currents method builds trust in the process and in each other, trusted information may be shared, and perspectives expanded. The participants may then find room for compromise in shaping more responsive and broadly supported policy solutions for the topic under discussion. Cross Currents, at its best, is a grassroots example for our political parties of how to cooperate and do better in serving the national interest and "We the People."

ROGER BERNIER obtained a Master of Public Health from Yale and a Ph.D. in Epidemiology from Johns Hopkins University. He served as a public health advisor and as a senior epidemiologist in a 40-year career with the Centers for Disease Control and Prevention. He trained to become a public engagement specialist, organizing dialogues at the CDC with members of the public concerning

controversial vaccine related policy. He co-led the creation of Cross Currents, a group of Lowcountry liberals and conservatives to demonstrate that dialogue between people with very different views is possible and can be productive.

RAYMOND DOMINICK, Ph.D., taught western civilization for 30 years at The Ohio State University. He authored two books: one, a biography of the founder of Germany's Social Democratic party, and the other, surveying the history of the environmental movement in Germany.

GREG BLACKBURN, CAPT USN (Ret) has degrees in physics, control theory, and computer systems. He served 30 years in Naval cryptology and intelligence, and 20+ years in the US defense industry. He brings perspectives from operations analysis, technology, economics, history, and geostrategy to this presentation.

COI201: TRASH LESS, RECYCLE MORE: REDUCE, REUSE, RECYCLE!

1 Session | Wednesday | Feb 08 | 10-11:30AM

In-Person, OLLI Digital Library | Beaufort campus

Are you interested in recycling, but the process feels overwhelming? Are you a current recycler, but not sure if you're recycling correctly? Whether you currently recycle or you're new to recycling, this presentation includes information about how to recycle in Beaufort County, what can be recycled, and why recycling and waste reduction is important. Additionally, the presentation indicates different methods to reduce, reuse, and recycle. The overall goal is to educate, encourage, and promote proper disposal of waste, ways to divert waste from the landfill, how to improve waterways, and how to keep Beaufort County beautiful.

CHLOEE MCGUIGAN is the Recycling Coordinator for Beaufort County Solid Waste and Recycling with a degree in environmental economics, development, and sustainability along with a Master of Business

Administration. Chloe has an extensive background in 4-H, sustainability, and agriculture.

COI202: THE ACTIVE SHOOTER CRISIS IN AMERICA

1 Session | Friday | Feb 24 | 10-11:30AM

In-Person only | Hilton Head campus

Sergeant Bruce Oliver will discuss the history of school shooting events and how it has changed the way we protect our schools and teach our students. This presentation will discuss the complicated and multifaceted risk factors and methods used to secure our schools and protect our students.

*Warning of graphic content.

SERGEANT BRUCE OLIVER has over 40 years of law enforcement experience and has worked for the University of South Carolina Beaufort, Department of Public Safety for the past 12 years. Sgt. Oliver is a retired police detective from the Bethlehem Police department in New York state. He also worked for several years as a police officer in Brattleboro, Vermont. He worked directly in elementary schools, middle schools, high schools, and college settings for much of his career. Sgt. Oliver is a former FBI-certified sniper, former FBI-certified firearms instructor, former undercover FBI task force officer, and former Deputy U.S. Marshal.

COI203: WHY COWS NEED NAMES (AND MORE SECRETS OF AMISH FARMS)

1 Session | Wednesday | Mar 01 | 10-11:30AM

In-Person, Zoom | Beaufort campus

Learn how, in our factory farm world, Amish families flourish and grow by focusing on diversity, flexibility, and efficiency only small farms can capture. These successful small family farms also display a level of farm animal care and dignity so very often absent on the huge farms of their neighbors. Bigger is certainly not always better!

RANDY JAMES, Ph.D., is the author of two books on Amish families and communities. He was the county agricultural agent for almost 30 years in the 4th largest Amish settlement in the world and is a Professor Emeritus at The Ohio State University.

COI204: WHAT IS THE SENIOR LEADERSHIP PROGRAM IN BEAUFORT COUNTY?

1 Session | Wednesday | Apr 26 | 10-11:30AM

In-Person, OLLI Digital Library | Beaufort campus

Are you new to Beaufort County or have you lived here for some time and want to learn more about Beaufort County's inner workings and how YOU can contribute to Beaufort County's success with your skills and interests? Clemson University's Cooperative Extension Service (CES) will give a preview of its widely acclaimed Beaufort County Senior Leadership Program scheduled to begin in January 2024. Get previews of their program topics on history/heritage/culture, economic development, education, the arts, local/county government, human services, health, public safety/law enforcement, military ties, and the environment.

BOB GUINN, retired senior Clemson Extension Service (CES) agent for Beaufort County, originated this program 30 years ago and has successfully managed over 50 leadership programs.

ED PAPPAS has served as a CES state advisory board member and has facilitated senior leadership programs in Beaufort County for 19 years.

COM200: YOU CAN RUN, BUT YOU CAN'T HIDE: WHAT BIG TECH KNOWS ABOUT YOU

1 Session | Monday | Mar 20 | 10AM-12N

In-Person, Zoom, OLLI Digital Library | Bluffton campus

"You Can Run, But You Can't Hide: What Big Tech Knows About You, Why They Want to Know It, How They Get It, and What They Do With It" is the chilling title. Facebook, Google, Amazon, and all the others - we know they collect data about us. But what exactly do they collect? Why do they collect it? How can we control it? In the 21st century, we have lost much of our privacy - and we have lost it voluntarily. We don't HAVE to give these companies information, but we do so voluntarily to use their products. What is the cost to us? Should we be afraid? We will investigate what's behind the scenes using clips from the excellent Netflix film, "The Social Dilemma," and try to answer some of these questions.

JEFF GLAZER loves to teach. He was an adjunct professor of graphic design in New Jersey, and he has taught classes locally at the Sun City Computer Club and OLLI. While his primary area of expertise is in computers, he has taught OLLI classes in many other areas such as introversion, ADD, the music of Tom Lehrer, and Nikola Tesla.

COM201: ONLINE PRO "TECH" TION - STOP THE SCAMS

1 Session | Monday | Mar 20 | 1-3PM

In-Person only | Hilton Head campus

Stop the Scams! Online scams are at an all-time high and more sophisticated than ever. In this course, you will learn how to identify scams on the internet, in your email, and on your smartphone. Learn how to protect your personal information and browse, shop, and bank securely online. This course is intended to empower you to use your technology safely and with confidence.

TONYA MURPHY is the owner of The Gadget Tutor, a technology firm based on Hilton Head Island. Before starting her own technology company, she worked at Best Buy and AT&T where she won multiple awards for outstanding service. She has helped thousands of people with their technology needs over the past decade and prides herself on educating her customers on how to stay safe online.

CULINARY ARTS

CUL201: SHARE THE LOVE WITH CUPCAKES

1 Session | Friday | Feb 10 | 11AM-1:30PM

In-Person only | Hilton Head campus

Supply Fee \$18**Limited Enrollment – 28**

In celebration of Valentine's Day, let us bake some lemon mist and red velvet cupcakes for you to share with family and friends. Well - that's the intention anyway! While the origins of the cupcake remain unclear, the dessert was first documented in 1796 in "American Cookery" by Amelia Simmons. The cupcake resurfaced in the 19th century, this time holding two meanings. Before the invention of the muffin tin, small cakes were baked in individual ramekins, hence the name cupcake. All ingredients are provided, except for the decorations you may want to top your baked creation to make it unique. This is a hands-on baking class, and you will take home your cupcakes. We hope you'll share them with those you love!?

DONNA SPROUT spent her career in technology, first with IBM, then at USCB, where she retired in 2020. She also has a background in food service management. Her passion is baking decadent treats for family and friends. She and her husband have lived in Bluffton, SC since 2005.

CUL202: THE ULTIMATE SOUTHERN CHICKEN SANDWICHES

1 Session | Friday | Feb 17 | 10AM-12N

In-Person only | Hilton Head campus

Supply Fee \$18**Limited Enrollment – 30**

The most American dish, ever, is fried chicken. Welcome to the South! Learn in person how to season, bread, and fry to perfection. In this course, the chef will create three dishes: a buffalo chicken sandwich loaded with flavor, a blue cheese slaw salad, and the classic tender but crunchy chicken salad. You will have the opportunity to see it made and then taste. Everyone goes home with the recipes and tips!

CHEF DENNIS BUTLER has been on a lifelong journey to combine his love for food and for family. Blessed to have been taught by multiple generations within his family and then professionally, he is now the catering chef at USCB. He has a unique take on fusing classic tastes with modern techniques.

CUL203: AN ITALIAN FAVORITE - CHICKEN MARSALA

1 Session | Friday | Mar 03 | 1-3PM

In-Person only | Hilton Head campus

Supply Fee \$18**Limited Enrollment – 24**

The various scallopine dishes, Marsala, Piccata, Francese, etc., have long been staples in Italian households as well as on neighborhood Italian restaurant menus. These dishes are usually offered with chicken or veal and sometimes pork as an option. In this class, we're going with a Sicilian selection. Rich Buffa will demonstrate how relatively simple it is to prepare and serve one of the favorites - Chicken Marsala. This will be another dish that will be a welcome addition to your cooking recipe arsenal. There will be a tasting.

RICH BUFFA has a life-long love for good food and enjoys cooking. His mother was a very talented Italian cook whose cooking skills rubbed off on him. Rich has also attended cooking classes, including several multi-session courses.

CUL204: THE WAY OF TEA

1 Session | Tuesday | Mar 07 | 1-3PM

In-Person only | Beaufort campus

"The Way of Tea" is a saying coined during the Tang Dynasty 1,500 years ago. The meaning stands at the heart of the Chinese tea culture, which refers to how tea is prepared and its influence on the social fabric. Fast forward to the late 1700s when the first tea plants were brought to South Carolina. Come join us for this 2½ hour journey and taste the world's most prized tea! Enjoy three distinct teas and explore their history, growing, and crafting. Learn about the proper methods of brewing tea, including the use of traditional Chinese teaware.

RICHARD KLIGLER lived in Hong Kong for 12 years. Fascinated by fine teas, he researched the various teas produced in China, including its history. Richard has visited tea farms throughout the historic tea regions and worked at a tea farm in Hangzhou, China where the famous Longjin tea is produced.

CUL205: BEYOND THE ESSENTIALS: SMALL BITES - BIG FLAVOR

1 Session | Friday | Mar 10 | 12N-2PM

In-Person only | Hilton Head campus

Supply Fee \$18

Limited Enrollment - 30

When Tom Condamine visits his mom in an assisted living facility in New York, he finds the food unacceptable. He's pretty sure it came from a can! Here at The Seabrook of Hilton Head, we hold ourselves to a very high standard of food served to our residents. Watch and learn food preparations starting with Oriental tempura chicken salad with mixed greens served with creamy pickled ginger dressing. Next, we will serve up an ahi tuna encrusted with sesame seeds and topped with a sweet honey ginger sauce. Lastly, Crepe Suzette, a delicate French crepe, topped with a Grand Mariner sauce. You will enjoy the delectable tastings of all three dishes. Bon Appetit!

TOM CONDAME has been a Lowcountry resident since 1989. He opened The Tapas Restaurant, featuring small plates of unique dishes from around the world. After selling in 2005, Tom became the Executive Chef at Pinecrest and Crescent golf clubs. He eventually moved to The Seabrook of Hilton Head, where he is the Assistant Director of Dining Services. Tom also serves the assisted living and skilled nursing residents at the Fraser Health Center on HHI.

CUL206: THE CHOCOLATE EXPERIENCE

2 Sessions | Tuesday, Thursday | Mar 21, Mar 23

10AM-12N | In-Person only | Hilton Head campus

Theobroma cacao, the "food of the gods," has been celebrated and consumed for over 3,000 years. Topics explored in this course include the botany and agriculture of cacao; the post-harvesting processes that transform cacao into chocolate; the history of cacao from ancient Mesoamerican Olmec to 21st-century chocolatiers; the chocolate industry; and the science and art of tasting fine chocolate from around the world. Yes, there will be a tasting of these fine chocolates.

MARY GRACE SELL discovered real chocolate on a visit to a cacao plantation in Costa Rica. She returned from this trip with the mission to learn all she could about chocolate and to become a chocolatier. She has studied chocolate making at renowned schools in Belgium, France, Italy, Switzerland, and Canada and spent a week working on a cacao plantation in Hawaii.

ECOLOGY

ECO200: HUNTING ISLAND HISTORY AND BEACH DISCOVERY

1 Session | Tuesday | Feb 21 | 9AM-12N

In-Person only | Offsite (St. Helena Island)

Tour Fee \$18

Limited Enrollment - 20

Join fellow OLLI members for an opportunity to learn about our unique, local ecosystems. This walking tour explores the beautiful landscape of Hunting Island, South Carolina's most popular state park. While on the tour, Jill Moore, a Master Naturalist, will lead you to various locations to share the historical background as well as explore the incredible natural elements with highlights including the Hunting Island lighthouse, nature center, and the "boneyard beaches."

NOTE: This is a 3-hour (2.5 - 3 miles) walking tour on varied surfaces including grass, dirt, sand, and stairs. Wear comfortable shoes, clothing, and bring water and bug repellent.

Rain date: Tuesday, February 28

JILL MOORE, Master Naturalist, has a background in education and is the owner and creator of Moore to Life. Her love of the outdoors started young while spending the summers of her youth in Montana where her parents are from. In search of a place full of outdoor adventure to raise her three boys, Jill's family ended up in the Lowcountry of South Carolina. Sharing what she has learned and experienced in this area "like no other place on earth" is what she hopes to share with others through these educational opportunities.

ECO201: GRASSROOTS ENVIRONMENTALISM: COMMUNITY BASED OYSTER SHELL RECYCLING PROJECT

1 Session | Tuesday | Feb 21 | 10:30AM-12:30PM

In-Person, OLLI Digital Library | Hilton Head campus

Supply Fee \$18

Explore the definition of grassroots environmental change and how The Outside Foundation (TOF), which is a small, local, non-profit organization, received funding from the environmental giant, Patagonia, Inc., to establish a community-based oyster shell recycling and bed restoration project. The discussion will focus on the ecological significance of the oyster within our environment, how the shell is recycled, and why this recycled shell is so critical to the sustainability of our seafood industry. Information will be provided on how community members can get involved in the recycling and bagging of shell and reef-building projects.

NOTE: A boxed lunch is included following the class with Jean Fruh.

DR. JEAN FRUH is the Executive Director of The Outside Foundation, a 501c3 organization, with a mission to get kids outside and to protect and preserve our local environment. Jean is a Lowcountry Master Naturalist and serves on the Keep Beaufort County Beautiful board.

ECO202: ASTRONOMY: HOW WE LEARNED HOW THE COSMOS WORKS

1 Session | Thursday | Feb 23 | 10AM-12N

In-Person, Zoom, OLLI Digital Library | Hilton Head campus

Come learn about early astronomers and what they have taught us, including those who built Stonehenge to Aristotle, Ptolemy, Copernicus, Galileo, Kepler, Newton, and more. By learning the history of astronomy, we will learn some of the basics of how the cosmos works. We will also look at some of the astronomers who have been honored to have their names used for NASA missions, including Cassini, James Webb, and Edwin Hubble.

MARIE MCCLUNE has worked as a geologist, environmental educator, and high school science teacher where she taught Advanced Placement Environmental Science – APES. She is a Master Naturalist, Master Gardener, and docent at the Coastal Discovery Museum.

Look and learn about the shorebirds that grace our area, their amazing life history, and their requirements for survival and challenges. We will also examine our impact, both positive and negative, on these amazing animals. Learn what we can do on our part to help ensure their survival.

AL SEGARS is a retired veterinarian whose career included 18 years with the South Carolina Department of Natural Resources. He is a native of South Carolina with a special interest in the role we play as individuals in protecting these amazing shorebirds.

ECO205: CELEBRATING BEACH LIFE WITH A MASTER NATURALIST

2 Sessions | Thursday | Mar 09, Mar 16 | 10AM-12N

In-Person, OLLI Digital Library | Beaufort campus
& Offsite (St. Helena Island)

Limited Enrollment - 25

Session 1 - Classroom Lecture: Some 750 different species live on SC beaches. Learn about the invertebrates on the beach: the SC state shell, other mollusks, horseshoe crabs, worms, sand dollars, sea stars, etc. through PowerPoint slides, display specimens, and descriptions of their diet, growth, reproduction, protective instincts, and more.

Session 2 - Guided Beach Walk: Stroll on Hunting Island Beach with Margit Resch to look for treasures, find signs of live animals like ghost shrimp, and learn about the formation of barrier islands.

NOTE: Beach walkers need to be prepared by wearing comfortable shoes suited for sandy terrain and layers of clothing for varied weather conditions. Water, bug repellent, and snacks are encouraged.

MARGIT RESCH taught comparative literature and chaired the Department of Germanic, Slavic, and East Asian languages at USC. After retiring, she earned her Master Naturalist Certification. She has conducted hundreds of guided beach walks on Hunting Island teaching about beach life.

ECO206: MAMMALS - THEIR ADAPTATIONS FOR SURVIVAL IN A MARINE ENVIRONMENT

1 Session | Tuesday | Mar 14 | 1-3PM

In-Person only | Hilton Head campus

Anyone who has swum in the ocean, especially north of New York, knows being in the ocean requires some adaptations. Professor Williamson will introduce anatomical, behavioral, physiological, and biological adaptations necessary for mammals and whales to survive in the marine environment. Characteristics of whales in general will also be covered.

MICHAEL WILLIAMSON has been active in education and research for over 40 years. He was an Associate Professor in Marine Sciences at Wheelock College in Boston, Massachusetts from 1988-2008 and is currently a scientist in residence at St. Mary's Anglican Girls School in Perth, Western Australia, where he teaches and advises on marine science education and research. He is vice-president of the Migan Island Cetacean Study and was a pioneer in Massachusetts whale research as

the founder and director of the Pelagic Systems Research & Massachusetts Whale Watch, which began studying cetaceans in Massachusetts Bay in 1976.

1 Session | Tuesday | Apr 25 | 1-3PM

In-Person only | Offsite (Bluffton)

Tour Fee \$35**Limited Enrollment - 20 per tour**

This two-hour tour aboard "Spartina" will be a classroom on the water. Captain Marine Biologist Amber Kuehn will give a scientific explanation of the web that revolves around marsh grass. This tour will give you an understanding of the process that keeps our coastline pristine. Fiddler crabs, blue crabs, and shrimp may be seen in the viewing tank. Dolphins and wading birds will make an appearance to initiate a conversation about their form and function in the estuary.

ECO212: MYSTERIES OF THE LOWCOUNTRY WATERWAYS

1 Session | Thursday | Apr 27 | 10AM-12N

In-Person, OLLI Digital Library | Hilton Head campus

You are guaranteed to learn something new from marine biologist Amber Kuehn as she explains some of the mysteries of the Lowcountry waterways. Having grown up on the May River, she has a story to tell for each revelation she will impart. The lecture will begin with the tide, focus on the marsh grass and mud flat, then conclude with the larger fauna that inhabits our salt marsh estuary. For a decade, this information has been imparted on her boat tour from the Bluffton town dock. If you have not experienced it, this is your opportunity to learn it in the classroom.

AMBER KUEHN is a local marine biologist who grew up in Bluffton. Her master's degree and her captain's license bring this salt marsh ecology tour to life.

GOV201: THE NATURAL LAW; ANCIENT, MEDIEVAL, AND MODERN

3 Sessions | Monday | Feb 27, Mar 06, Mar 13 | 1-3PM
In-Person, OLLI Digital Library | Hilton Head campus

For more than two millennia, natural law theory has been at the heart of western legal, political, and moral philosophy. In this short course, we will examine the evolution of natural law thinking from the ancient Greeks and Romans through the medieval ages down to contemporary thought. Along the way, we will also have a pause to examine natural law's most significant challenger, legal positivism, in modern legal thought. Thinkers such as Aristotle, Cicero, Saint Thomas Aquinas, John Locke, and others will be the source material for our excursion through the history of this important idea.

HARVEY BROWN, Ph.D., ABD is a retired lecturer in politics and economics at the University of Western Ontario with research in ancient and medieval political philosophy. Professor Brown has given several political theory courses for OLLI.

GOV202: THE WIDOW SPY - THE AUTHOR SHARES HER STORY

1 Session | Tuesday | Mar 14 | 10AM-12N

HISTORY

HIS200: THE INSTITUTION OF SLAVERY

2 Sessions | Monday | Jan 23, Jan 30 | 10:30AM-12N
In-Person, OLLI Digital Library | Hilton Head campus

Part I - Beginnings to the Triangular Trade - Explore the evolution of the practice of enslavement in different parts of the world from primitive man through the English shipment of Africans to the New World. The Native American slave trade, as well as the Portuguese exportation of Africans to Brazil, is examined as a precursor to the beginning of the African trade with the West Indies and North America.

Part II - Colonial Demand to Abolition - The development of the English trade in black African slaves as a response to the changing economy in the southeastern American colonies is explored in the context of the conditions of the Triangular Trade and the management and treatment of slaves on southern plantations. The rise of the abolitionist movement and the path to emancipation is also examined in light of the revolutionary developments in the Port Royal Sound area in the early 1860s.

HIS203: BRINGING THE GILDED AGE TO LIFE

1 Session | Friday | Jan 27 | 10-11:30AM

In-Person, OLLI Digital Library | Bluffton campus

The Gilded Age was a period of extremes and excess. Lasting from roughly 1870 to 1890, the Gilded Age witnessed economic boom and bust, dizzying wealth, simmering social conflict, and sordid corruption. Interest in the period has spiked in recent years, thanks in part to the HBO series "The Gilded Age." Professor James Shinn (USCB) and Brooks Swett, a lecturer at Columbia University and historical consultant for "The Gilded Age," will discuss the history of the period and how it has been brought to life in the new series.

PROFESSOR JAMES SHINN, Ph.D., and master's in history from Yale, is a USCB professor teaching a wide range of courses in U.S. history with a particular focus on the 19th century. He is currently writing a book that explores the entangled histories of Reconstruction in the United States and the Ten Years' War in Cuba. Before joining the USCB faculty in 2022, he taught at Yale University and Wesleyan University in Connecticut.

HIS204: RED SHIRTS, WHITE HOODS, AND ELECTION BLUES: 1876

1 Session | Wednesday | Feb 22 | 10-11:30AM

In-Person, Zoom, OLLI Digital Library | Bluffton campus

A little more than a decade after the Civil War ended, South Carolina elected Wade Hampton III as Governor; thereby "redeeming" the state from Reconstructionists who seized control when African American males became eligible to vote. Whites who never became reconciled to losing the war and were determined to regain control of the state carried out a relentless and at times violent campaign that made 1876 such a crucial and fascinating year. This presentation will explain the requirements when one governor and state legislature meet simultaneously with a rival governor and legislature a short distance away.

JOHN WARLEY is a Citadel and University of Virginia Law School graduate, author of six novels and one non-fiction history of *The Citadel*. His latest novel, *"A Jury of One,"* is scheduled for publication in April 2023.

HIS205: TRIANGLE FACTORY FIRE: KILLED 146 AND SAVED MILLIONS

1 Session | Monday | Feb 13 | 1-3PM

In-Person, Zoom, OLLI Digital Library | Bluffton campus

The 1911 Triangle Shirtwaist Factory fire in New York remains one of the deadliest industrial accidents in US history. This class will explore the tragic accident, the work conditions of the era that led to the fire, and its aftermath. The story will be told through the eyes of the victims, spectators, family members, and rescuers. The class also covers the lawsuits that followed, as well as the revolution in industrial safety standards that is the tragedy's legacy.

SANDI VITO, former Secretary of Labor & Industry in Pennsylvania, currently serves as Executive Director of the SEIU Training and Upgrade Fund in New York. She received an economics degree from Stockton University. She is a labor history graduate from CUNY and has written widely on labor and health policies.

HIS206: "MEET" ELIZA LUCAS PINCKNEY; INDIGO TIE DYE

1 Session | Monday | Feb 13 | 3-4PM | In-Person only | Offsite (HHI)

Supply Fee \$10

Limited Enrollment - 30

Journey to the past and "meet" Eliza Lucas Pinckney. In 1739, when Eliza was just 17 years old, her experiments with indigo resulted in a very profitable industry for the colony of South Carolina. Hear her unique story, learn how indigo dye was made and make your own indigo tie-dye t-shirt (or other item) to take home.

NOTE: Bring your own t-shirt or other 100% cotton item to dye.

MARGARET PICKETT is a graduate of the University of Maryland, a living history interpreter, and the author of two non-fiction biographies of 18th-century South Carolina women: *Eliza Lucas Pinckney* and *Rebecca Brewton Motte*.

DAWN BRUT joined the Coastal Discovery Museum staff in February 2013 and is responsible for coordinating and leading educational experiences focused on the Lowcountry's natural history and cultural heritage. Dawn was a member of the Hilton Head Island Sea Turtle Patrol for five years. She is a Master Naturalist, a member of the HHI Audubon Society, and a member of the SC Federation of Museums.

HIS207: PENN CENTER WALKING TOUR

1 Session | Thursday | Feb 16 | 1-3PM

In-Person only | Offsite (Beaufort)

Tour Fee \$18

Limited Enrollment - 30

Walk the sacred grounds of Penn Center National Historic Landmark District including the Reconstruction Era National Historic Park. This cultural treasure was integral in the Port Royal Experiment as the site of the first school for the enslaved in 1862. Key civil rights gatherings were held onsite in the 1960s including the Southern Christian Leadership Conference that planned the March on Washington and where Martin Luther King Jr. wrote many of his speeches. The 50-acre campus history includes Penn School, Peace Corps Training Center, NAACP, World Peace Foundation, Save The Children Foundation Farm, and the Penn School for Preservation - focused on human rights, harmony in nature, land use, sustainable economy, and preserving the Gullah culture.

JANET MCCAULEY is a licensed history guide with advanced degrees in education, public administration, and labor relations. She is an avid community volunteer and former OLLI Program Administrator.

HIS208: 1927 - THE YEAR THAT SYMBOLIZED THE ROARING 20s

2 Sessions | Friday | Feb 17, Feb 24 | 1-2:30PM
In-Person, OLLI Digital Library | Bluffton campus

The 1920s will forever be remembered as a time of change and invention. Our timeline will highlight events and tragedies as well as the arts, sports, and characters that made this time unique. We will focus on aviators, athletes, artists, actors, writers, politicians, world leaders, and American gangsters.

NOTE: Join OLLI after session 2 for a roaring 20s social event on the Bluffton campus (Hargray Bldg, Lobby).

MIKE MACDONALD is a retired businessman from South Dakota now living in Minneapolis, MN and Beaufort. He has presented six different classes for the South Dakota OLLI and is currently an OLLI member in SD, MN and SC.

HIS209: PLANTATION PROFILES - COLLETON AND HAMPTON COUNTIES

2 Sessions | Monday | Feb 20, Feb 27 | 1-2:30PM
In-Person, Zoom, OLLI Digital Library | Beaufort campus

Plantations are embedded in the DNA of South Carolina history, especially the heritage of this region, and everyone can benefit from a better understanding of their past. In the first session and in connection with the past exhibit "Beyond the Oaks: Lowcountry Plantations," Director of Exhibitions and Programs Kayleigh Vaughn will give insight on some of the plantations from the Colleton County region, including Bonnie Doone and Ravenwood. In the second session, plantations from the Hampton County region will be reviewed, including Ingleside and Hamilton Ridge.

KAYLEIGH VAUGHN is the Director of Exhibitions and Programs at the Morris Center for Lowcountry Heritage located in Ridgeland, South Carolina. She studied history at Lander University. A native of South Carolina, she also worked in the education department at the Columbia Museum of Art.

HIS210: A DAY IN COLUMBIA EXPLORING HISTORY & THE SOUTH CAROLINA STATE HOUSE

1 Session | Wednesday | Feb 22 | 7AM-7PM
In-Person only | Offsite (Columbia, SC)

Tour Fee \$60

Spend the day in Columbia, South Carolina as OLLI tours the Governor's Mansion, State House, and Anne Frank Center. Transportation is provided by a full-service coach bus (restroom & internet) departing from both the USCB Bluffton campus and Beaufort campus. Lunch is not provided; however, OLLI has arranged easy options that are a short walking distance from the State House. The South Carolina Governor's Mansion is a historic U.S. governor's mansion in the Arsenal Hill neighborhood of Columbia, South Carolina, and the official residence of the Governor of South Carolina. It is a federal-style home influenced by British colonial plantations.

The South Carolina State House was called "one of the most notable buildings in the world" by Charles Wilson, a renowned South Carolina architect. Construction of the present building began in 1855. The Civil War and its aftermath temporarily halted work. For more than 150 years, five principal architects worked to complete the State House. As you tour the magnificent State House, you will be impressed by its outstanding architecture, historical paintings, and fascinating history.

Anne Frank Center at the University of South Carolina is the official U.S. partner of the Anne Frank House in Amsterdam, and the only partner site in North America. The center brings to life the story of the young Jewish girl who - in the pages of her world-renowned diary - documented two years of hiding in German-occupied Amsterdam during World War II. By sharing Anne's legacy with visitors, the center seeks to inspire the commitment to never be bystanders but instead to stand up together against antisemitism, bigotry, and inequality wherever it may exist today.

NOTE: Tour fee covers transportation and museum fees.

HIS211: CONTINUITY OR CONFLICT- THE PAPACIES OF JOHN PAUL, BENEDICT, AND FRANCIS

2 Sessions | Friday | Mar 03, Mar 10 | 3-5PM

In-Person, Zoom, OLLI Digital Library | Bluffton campus

The voice of the Roman Catholic Bishop of Rome commonly referred to as the Pope, is of interest to more than his fellow Catholics. A classic Latin formulation asserts that a pope speaks "urbi et orbi"...to the city and the world. This two-session course will explore how writings on matters of social justice of three 21st-century popes represent a consistent message of harmony, dialogue, and a search for the common good, despite efforts in some quarters to find serious divisions between the three and cast their teachings into rival, and even hostile, camps. Interestingly, this effort to divide has contemporary parallels in global and national political discourse. Perhaps the writings of John Paul II, Benedict XVI, and Francis deserve greater attention from the world's prime ministers, presidents, and potentates.

BRIAN CUDAHY, born and bred in Brooklyn, holds a Ph.D. in philosophy and teaches undergraduate courses at USCB. He has published widely on topics as diverse as the New York subways and religious history. His latest book, "From Blackmoor Lane to Capitol Hill," analyzes the philosophy of the first Roman Catholic Bishop of Charleston, John England.

HIS212: WWI AND THE UNITED STATES MARINES

1 Session | Monday | Mar 20 | 3-4:30PM

In-Person, OLLI Digital Library | Bluffton campus

"COME ON YOU SONS OF B--S, DO YOU WANT TO LIVE FOREVER?!" - Sgt. Maj. Dan Daly at the Battle of Belleau Woods. This presentation showcases the Marine Corps operations in World War I. It begins with the events leading up to the United States entry into the Great War and follows the operations of the United States Marines through France. From Belleau Woods to Blanc Monte Ridge to the events leading to the armistice to setting the stage for World War II, this very visual presentation showcases how the United States turned the tide and the integral role the United States Marines played.

HIS213: UNDERSTANDING WESTERN PHILOSOPHY: THE MEDIEVAL MIND

4 Sessions | Tuesday, Thursday | Mar 21, Mar 23, Mar 28,

Mar 30 | 1-3PM | In-Person only | Hilton Head campus

The tug-of-war between the philosophical ideas of Plato and Aristotle has exerted a profound effect on western civilization. This course describes how the positions of these thinkers regarding the nature of the universe, how we can know the truth, and what constitutes a good life influenced the development of western thought from the second century B.C. to the Renaissance. This course is designed for individuals with little or no formal training in philosophy.

PETER MCALLISTER holds a Ph.D. in economics and education from Columbia University. Peter spent 26 years managing analytical units for a multinational bank. Peter taught at the high school and college levels.

HIS214: HILTON HEAD HISTORY DRIVING TOUR

1 Session | Wednesday | Mar 22 | 1-4PM

In-Person only | Offsite (HHI)

Tour Fee \$45

Limited Enrollment - 22

Come on a three-hour, private guided tour in an air-conditioned bus to learn about HHI's unique history. Hilton Head Island is well known for its world-class beaches and golf courses, yet it offers so much more that is noteworthy and unique. Beyond its unparalleled biodiversity, Hilton Head has a range of recorded history and ancient history unmatched in any other single location in the United States. Not only were its lands populated by Paleo-Indians nearly 10,000 years ago; but it was also first noted in the log of an early Spanish explorer in 1521, given a Spanish name in 1526, and has been an active participant in every major period of American history.

NOTE: Please wear comfortable walking shoes and bring water and bug spray as there are parts of the tour where you will get off the bus and walk.

HIS215: BOX BOATS: HOW CONTAINER SHIPS CHANGED THE WORLD

1 Session | Friday | Mar 24 | 3-5PM

In-Person, Zoom, OLLI Digital Library | Bluffton campus

Dr. Brian Cudahy is an accomplished writer with a book about the origins of container ships and how they have affected world commerce. All of us have become aware of recent disruptions in various supply chains and how they have impacted the availability of products. Learn more about this interesting aspect of what is now a global supply chain, from converted World War II cargo ships in the 1950s to massive "box boats" today whose size was unimaginable just a decade or two ago.

BRIAN CUDAHY, born and bred in Brooklyn, holds a Ph.D. in philosophy and teaches undergraduate courses at USCB. He has published widely on topics as diverse as the New York subways and religious history. His latest book, *"From Blackmoor Lane to Capitol Hill,"* analyzes the philosophy of the first Roman Catholic Bishop of Charleston, John England.

HIS216: CASTLES OF WESTERN EUROPE: PROFILES AND HISTORY

1 Session | Tuesday | Mar 28 | 10AM-12N

In-Person, OLLI Digital Library | Hilton Head campus

European castles hold a magical allure and provocative mystery intriguing most Americans, but not many people have even begun to explore their fascinating stories. This class delves a bit deeper to present not only the key components of castles but also the history and lore of a select few. It offers an entertaining look at castles, which served as both home and fortress to certain classes of the Middle Ages, and profiles the history of 44 castles. The class includes two of the most photographed castles in the world, Bodiam Castle and Leeds Castle, which Jack has had the pleasure to explore in person.

JACK RABBITT has been teaching at OLLI for over 13 years and has entertained hundreds of members with his enthusiastic, energetic, and informative presentations on a variety of business topics, the Civil War, European castles, and religion.

HIS217: SAVANNAH DAY TOUR - BONAVENTURE CEMETERY, LUNCH, AND PIN POINT HERITAGE MUSEUM

1 Session | Tuesday | Mar 28 | 10:30AM-4PM

In-Person only | Offsite (Savannah)

Tour Fee \$35

Limited Enrollment - 30

Let's go explore historical Savannah! The day begins at the Bonaventure Cemetery where we meet with Don Teuton, Vice Chairman of the Bonaventure Historical Society. Don's parents, grandparents, and great-grandparents are buried on these hallowed grounds. The people who made Savannah are buried at this cemetery. You will delve into the graves including Confederate generals, a musical genius, and the South's very first feminist. Take in the live oaks, azaleas, camellias, and the authentic history behind Bonaventure Cemetery. The morning tour is 2.5 hours long, covering 1.5- miles on a slow walk over flat, easy terrain.

Next stop: Lunch at any one of the eclectic restaurants in Sandfly, a small community in Savannah, and in route to our final stop at the Pin Point Heritage Museum.

After lunch, we will meet at the Pin Point Heritage Museum. In 1985, the A.S. Varn & Son Oyster and Crab Factory in Pin Point closed its doors for good. It marked the end of an era for the tiny fishing community tucked quietly away on the banks of the Moon River, just south of Savannah, Georgia. For nearly 100 years, Pin Point was isolated and self-sustained. A Gullah/Geechee enclave founded by first-generation formerly enslaved people where family, religion, and work were deeply connected to the water. Today, the factory has been reopened as the Pin Point Heritage Museum, celebrating the life, work, and history of this Gullah/Geechee community that calls Pin Point home.

NOTE: Transportation is up to each participant. Wear comfortable clothing and shoes.

HIS218: JURY OF ONE

1 Session | Wednesday | Apr 05 | 10-11:30AM

In-Person, OLLI Digital Library | Bluffton campus

John Warley's new novel, "A Jury of One," both entertains and challenges readers. Jonathan Haupt, coeditor of "Our Prince of Scribes, Writers Remember Pat Conroy," put it this way: "A promise made over a dead body conjoins two disparate lives in a compelling novel that's equal parts taut legal thriller and thought-provoking moral

quandary." John speaks to why that moral quandary drove him to write this book, confirming Faulkner's famous declaration that "the human heart in conflict with itself" lies at the core of all great stories.

JOHN WARLEY is a Citadel and University of Virginia Law School graduate, author of six novels and one non-fiction history of *The Citadel*. His latest novel, *"A Jury of One,"* is scheduled for publication in April 2023.

HIS219: JEWS IN THE CIVIL WAR: FORGOTTEN COURAGE

1 Session | Wednesday | Apr 19 | 10AM-12N

In-Person, OLLI Digital Library | Bluffton campus

Though one of the smallest minorities in the country at the outbreak of the Civil War, American Jews participated in a big way and made significant contributions to the war effort on both sides. Yet their stories are all but forgotten in the pages of books, periodicals, and commentaries on this defining period in our history. This course offers a rare look at American Jewry in the Civil War, as well as the growth of the Jewish community in America prior to the war.

JACK RABBITT has been teaching at OLLI for over 13 years and has entertained hundreds of members with his enthusiastic, energetic, and informative presentations on a variety of business topics, the Civil War, European castles, and religion.

HIS220: PACIFIC BOARD GAME

1 Session | Friday | Apr 21 | 10AM-12N

In-Person, OLLI Digital Library | Bluffton campus

A look at the Japanese-American relations preceding the attack on Pearl Harbor. During the 1930s, the Roosevelt administration, in a series of moves and counter moves, sought to stymie Japanese aggression in the Far East while endeavoring to avoid all-out war. The administration's major focus was to quell the strong isolationist sentiment in the United States to insure the survival of Great Britain against Nazi Germany. In the end, however, America's entrance into the war was brought about by the very nation America sought to avoid war. How did this happen?

MARK CALLEN has had a lifelong interest in warships and sea battles. He has held OLLI sessions on the Civil War at sea, the Monitor and the Merrimac, and the Titanic.

HEALTH & MEDICINE

HME200: WHAT'S NEW IN KNEE REPLACEMENT SURGERY?

1 Session | Monday | Jan 30 | 10AM-12N

HME206: THE EVOLUTION, CURRENT PRACTICES, AND EMERGING TRENDS OF PAIN MEDICINE

1 Session | Thursday | Feb 09 | 1-3PM
In-Person only | Beaufort campus

Pain has been an inescapable part of the human condition since the beginning of time. Our knowledge of pain has a long history of development, characterized by various beliefs, theories, and therapeutic practices. An estimated 50-100 million adults in the United States now live with chronic pain and spend over \$50 billion annually on analgesics. This course describes the anatomy and physiology of pain, the history of pain medicine, and the main classes of currently used analgesic drugs. The mechanism of action and side effects of the medicine will be outlined. Despite extraordinary efforts, there has been no breakthrough in the development of new analgesics. An outlook on emerging trends will be given.

HME213: SPRING INTO ACTION: FALL PREVENTION, BALANCE, MOBILITY, AND VESTIBULAR FROM A PT PERSPECTIVE

1 Session | Friday | Mar 31 | 10AM-12N

In-Person only | Beaufort campus

Falls are the most common cause of nonfatal injuries and hospital admissions in people 65 and older. A fall can often be attributed to a loss of balance which relies on a complex interaction of information received by the brain from the eyes, muscles and joints, and the vestibular system in the inner ear. Disruption of just one of these factors can lead to balance problems and a higher risk of falling. Learn the approach that physical therapists take to minimize the risk of falls by improving balance, leg and core strength, mobility, posture, and safety awareness.

MARY DESCARO, PT, DPT, OMT-C is the clinical lead physical therapist for Beaufort Memorial Outpatient Rehabilitation in Beaufort and Okatie. She holds a Doctor of Physical Therapy degree from the Medical University of South Carolina.

ING200: LEARNING MAH JONGG

2 Sessions | Wednesday | Jan 18, Jan 25 | 1:30-4PM

In-Person only | Beaufort campus

The history of Mah Jongg will be briefly presented followed by instructions on how to play the game, led by Elly Levin, with Carolyn Dunlap and Sara Oakley, each a well-experienced Mah Jongg instructor. If participants in this two-session course reach a comfortable level of play, strategy tips will then be given. Each table of four will have an instructor.

NOTE: The first session of this class is mandatory. If you cannot make this class, please let the OLLI office know as soon as possible so that your place may be offered to those on the waiting list.

CAROLYN DUNLAP, ELLY LEVIN, and SARA OAKLEY have taught Mah Jongg to many groups, and this experienced team looks forward to sharing their expertise and love of the game with OLLI members.

ING202: ANOTHER ELVIS SIGHTING! THE FUNDAMENTALS OF MISINFORMATION

1 Session | Tuesday | Feb 07 | 1-3PM

In-Person only | Bluffton campus

Do you remember the "National Enquirer" story entitled "Elvis sighted at 7-11 in Yemassee, SC?" How about late-night infomercials: "It slices! It dices! And for only 2 easy payments of \$19.99, you can own this modern wonder!"? These were classic mediums of misinformation. Outrageous claims, overt sales, and obvious attempts at manipulation were their hallmark. Modern misinformation is more difficult to spot ... or is it? Learn modern misinformation techniques and the fundamentals of modern disinformation campaigns. IT WILL BE FUN! We even play a video game developed by the United States Departments of State and Homeland Security aimed at "inoculating" players against misinformation (Breaking Harmony Square). "Act Now! Operators standing by!"

DR. RONALD ERDEL is an Assistant Professor of computer science at USCB and is a graduate of Purdue University (Ph.D. 2016). His research focuses primarily on reducing barriers to the learning process in college students, particularly

first-generation college students, studying STEM disciplines. During COVID, Dr. Erdel grew a beard (mostly out of boredom). A bet was made if 80% of students enrolled in his courses earned a grade of B or better, he would dye his beard USCB blue. See the picture for the outcome.

ING203: THE ORGANIZED HOME: CLEAR THE MESS, REDUCE THE STRESS

1 Session | Wednesday | Feb 15 | 10AM-12N

In-Person, OLLI Digital Library | Bluffton campus

We tend to keep objects from different stages in our lives, and, over time, they pile up around us. If you don't routinely declutter your home, eventually all that stuff can become overwhelming. This course offers practical "tips and tricks" to clear clutter, organize your home, and establish habits to maintain order. This will help you to enjoy the people and things that matter most to you!

IST201: IMPLICATIONS OF A RISING CHINA

1 Session | Monday | Mar 06 | 10AM-12N

In-Person, Zoom, OLLI Digital Library | Bluffton campus

With more than a dozen years in the Pacific - as an Army General Officer and a Senior Executive with the Marine Corps, Craig Whelden had a front-row seat to China's hegemonic activities and bullying of its neighbors. This course explores what is happening on the other side of the world: geopolitically, militarily, and economically as China expands its sphere of influence. Students will learn about the strategic importance of the Malacca Strait, the South China Sea, the exploding growth of the Peoples Liberation Army, and China's encroachment on the "second island chain," where the U.S. begins its day - in Guam. An added feature is a focus on the current situation in the Ukraine and how it affects China's calculus on Taiwan.

IST202: THE EVOLUTION OF EUROPE'S DEFENSE ARCHITECTURE SINCE WWII

1 Session | Friday | Mar 10 | 10-11:30AM

In-Person, Zoom, OLLI Digital Library | Bluffton campus

The end of World War II saw an uneasy standoff, led by the United States, between Russia and Western Europe. Commonly referred to as the "Cold War," this tumultuous period lasted 40 years. The fall of the Berlin Wall in 1989 changed everything. Russia flirted with an uneasy democratization. The North Atlantic Treaty Organization (NATO), Europe's defense arm, grew from 14 to 30 countries. Learn how Russia's invasion of Ukraine was an outgrowth of this evolution and what it might mean for the future of both sides.

CRAIG WHELDEN, retired Major General, spent 30 years in the U.S. Army and another nine as a member of the Senior Executive Service (SES) with the U.S. Marine Corps. Along the way, he led thousands of soldiers, sailors, and marines at

each level from Lieutenant to General Officer to Senior Executive - with 10 years in Europe and another 12 in the Pacific.

LITERATURE

LIT200: NORTH & SOUTH BY ELIZABETH GASKELL

3 Sessions | Wednesday, Friday | Feb 15, 1-2:30PM
Feb 22, Feb 24, 3-5:30PM | In-Person only | Bluffton campus

"North and South," published in 1855, has been described as an industrialized "Pride and Prejudice." Set in a mill town in Victorian England (think Manchester), it is a powerful book of social commentary. Margaret Hale suddenly uprooted from her gentrified existence in southern England to a town in the noisy industrial north, is at first horrified by the poverty and suffering all around her. As she begins to befriend the millworkers and their families, she finds herself in a battle of wills with the wealthy mill owner John Thornton. Margaret develops a sense of social justice and new insights into the human condition. She is a sparkling heroine; he is no Mr. Darcy, only better!

Session 1: a presentation on Gaskell's life and times followed by a discussion of the book.

Sessions 2 and 3: a viewing and discussion of the 2004 film starring Richard Armitage and Daniela Denby-Ashe. Please read the book!

DEBORAH BARNUM is a previous snowbird (VT/SC), best friends with Jane Austen (blogger), compiles annual Austen and Burney bibliographies, a bookstore owner (collectible books), OLLI member and instructor, Jane Austen book group member, librarian, gardener, hiker, and traveler.

LIT201: MEET THE AUTHOR OF "THE HOME GUARD," A NOVEL OF THE CIVIL WAR

1 Session | Tuesday | Feb 28 | 10-11:30AM
In-Person only | Hilton Head campus

Come and meet author John Warley and discover his inspiration to write "The Home Guard." A grandmother and her grandson flee their Beaufort, South Carolina home to escape and survive the Civil War. John Warley will highlight Beaufort's unique Civil War history and why that history attracted him to the themes and story that make "The Home Guard" a compelling read. After class, we will offer a book signing which will give our members the opportunity to add a great book to their collection along with the memories of meeting a favorite, local author.

JOHN WARLEY is a Citadel and University of Virginia Law School graduate, author of six novels and one non-fiction history of *The Citadel*. His latest novel, *"A Jury of One,"* is scheduled for publication in April 2023.

LIT202: POETRY IN RESPONSE TO ART

1 Session | Thursday | Mar 02 | 1-2:30PM

In-Person, Zoom, OLLI Digital Library | Beaufort campus

Poetry written in response to visual art, called ekphrastic poetry, conveys a poet's reaction to paintings and sculpture. Come join in an examination of paintings from the Old Masters such as Brueghel and Vermeer to the more contemporary works of Edward Hopper, Picasso, and Grant Wood as interpreted in the writings of poets such as Sylvia Plath, W.H. Auden, Allen Ginsberg, and William Carlos Williams. No prior experience with art or poetry is necessary; just bring your aesthetic sensibility.

MARY FILAK has an MA in English and taught for 30 years in high school and college, most recently at The Technical College of the Lowcountry. She also consults for The College Board, giving workshops to teachers around the country.

MUS202: TOMFOOLERY: THE WORDS AND MUSIC OF TOM LEHRER

1 Session | Monday | Feb 20 | 10AM-12N

In-Person, Zoom, OLLI Digital Library | Bluffton campus

Join Jeff Glazer for a look at the clever and often irreverent works of the songster and pianist Tom Lehrer. Lehrer is a former MIT professor who delighted college students in the 50s and 60s with his off-beat humor and social slant on topics, both social and political. Hear those favorite songs again, e.g., Rickety, Tickity, Tin. Learn about the man, the music, and perhaps join in some singing.

JEFF GLAZER loves to teach. He was an adjunct professor of graphic design in New Jersey, and he has taught classes locally at the Sun City Computer Club and OLLI. While his primary area of expertise is in computers, he has taught OLLI classes in many other areas such as introversion, ADD, the music of Tom Lehrer, and Nikola Tesla.

PERSONAL GROWTH & DEVELOPMENT

PGD200: PERSONALITY RESEARCH THE TRUE COLORS WAY

1 Session | Wednesday | Mar 15 | 10AM-2PM

In-Person only | Bluffton campus

Supply Fee \$10

It is important to be able to understand people who are very different from ourselves. Good interpersonal relationships are core to creating healthy, productive environments at home and in daily life. This program will explore the research on personality styles, and techniques for understanding each other, lessening conflict, and communicating effectively with everyone. Participants will leave with an understanding of folks they want to get along with. This workshop is highly interactive, downright chaotic, and fun - while a lot of serious learning is taking place!

TIPPY AMICK, Ph.D. has been on the faculty of Florida State University for over 20 years facilitating leadership classes. She provides training on a variety of topics. Tippy holds a doctorate degree in human studies and is a certified True Colors trainer.

PGD201: YOUR LIFE IN REVIEW

1 Session | Tuesday | Apr 04 | 5-7PM

RELIGION

REL200: STAR WARS, RELIGION, AND CULTURE

1 Session | Monday | Feb 06 | 1-3PM

In-Person, OLLI Digital Library | Bluffton campus

In 1977, George Lucas released "Star Wars," one of the greatest science fiction movies in film history, and it remains a cultural icon to this day. By transposing a variety of religious and cultural themes, Lucas designed an entirely new universe. However, it wasn't the first piece of science fiction history to both affect modern culture and religion and be affected by them. From "Star Trek" to "Star Wars," from "The Lord of the Rings" to "Alice in Wonderland," and from H.G. Wells to Steven Spielberg, we have all witnessed the growing influence of science fiction upon our world. In this class, we will look at how science fiction remains a slightly distorted mirror of planet earth today.

RABBI ROBERT HAAS, a native of McAllen, TX, became the 14th spiritual leader of Congregation Mickve Israel in Savannah, Georgia in 2012. He is a sought-after comedian, lecturer, preacher, and interfaith leader who regularly speaks and performs for organizations, radio shows, colleges, theaters, houses of worship, and institutions.

SCIENCE

SCI200: FASCINATING PSYCHOLOGY EXPERIMENTS THAT EXPLAIN YOUR EVERYDAY LIFE

2 Sessions | Tuesday, Thursday | Feb 14, Feb 16 | 1-3PM
In-Person, OLLI Digital Library | Beaufort campus

Classic psychology experiments examining everyday behavior such as peer pressure, attitude change, eyewitness reports, gambling behavior, learned helplessness, mothering/cuddling effects on child development, authority impact on obedience (I was following orders), learned aggressiveness (modeling), and role effects on behavior will be some of the topics covered. Some of these types of studies (Milgram's electric shock experiments) are no longer permitted due to ethical issues. We will discuss the value of these studies vs. their ethical sacrifices. "Three Identical Strangers" will also be examined as part of the ethics discussion.

TED SOMMERS is a Ph.D. experimental social psychologist. He was a professor, a corporate researcher for Brown & Williamson Tobacco and Fisher-Price and ran his full-service market research firm working with Discovery and Lifetime networks, PepsiCo, Walmart, and others.

SCI201: UNDERSTANDING NET ZERO CARBON BY 2050

2 Sessions | Wednesday | Mar 01, Mar 08 | 1-3PM
In-Person, OLLI Digital Library | Bluffton campus

Session 1: Overview of total primary energy used by America for electricity generation, transportation, industrial production, commercial, and residential uses. The class will explore the electricity transmission infrastructure, energy sources, control, and sharing mechanisms for the United States power grid.

Session 2: Fundamental overview of electricity generation including methods of power generation, energy sources, economic, regulatory, financial, operational, reserve capacity, political, and media factors that are putting at risk the future capacity and reliability of the US electric power grid. The class will explore if net zero carbon policies may have placed the United States on a dangerous path to achieving net zero carbon by 2050.

DICK STORM, a registered professional engineer and Williamson graduate, worked in electrical power generation for five decades. His specialty was large electric utility plants fueled by coal. He was involved in large combustion processes around the world with power generation facilities and mining power for primary metals production. Employed over the years with Babcock & Wilcox, Flame Refractories, Carolina Power & Light, Mobil Oil, Standard Pressed Steel & Inductotherm. Storm founded Storm Technologies, a consulting and engineering services company, for the last 20 years of his career.

LEAN ENSEMBLE'S vision is to be the southeast's theater destination that stimulates conversation through topical, entertaining, and professional programming. We invite audiences to lean forward and look at the world in a different way. We will leave you talking and thinking about what you've seen and heard long after you've left the theater. Lean Ensemble places vital importance on its core values to listen, learn, respect, and play.

TRAVEL

**TRA200: THE NIAGARA REGION,
AN EXCEPTIONAL TREASURE**

1 Session | Thursday | Feb 16 | 10AM-12N
In-Person only | Hilton Head campus

The exceptional beauty and power of Niagara Falls have drawn people for hundreds of years. The region is strategic as a boundary between the United States and Canada. Wars were waged in the area to maximize its position of strength. We will explore the historic forts on both sides of the Niagara River and several key people who fought for control of the area. The magical allure of the falls has drawn honeymooners and curious vacationers/adventurers as well. The area rides high on the wave of popularity of the wine industry. It excels in several varietals, especially crisp whites, and late-harvest ice wines. Also, the area is home to the George Bernard Shaw Festival which has expanded to draw other forms of music, theater, and art to Niagara's stages.

SUZANNE and PATRICK CRIPPEN traveled extensively during their careers and afterward. Suzanne worked for AT&T and its divested companies for 33 years. Patrick worked in marketing for Frigidaire/Electrolux International.

Their love for travel has created classes on Ireland, Poland, Germany, Canada, and the United States. They have attended OLLI classes in Ohio and SC for 20 years.

WRITING

WRI200: PATH TO PUBLISHING YOUR NOVEL OR MEMOIR

2 Sessions | Monday, Wednesday | Feb 13, Feb 15 | 9AM-12N
In-Person only | Beaufort campus

Linda Lovely, the author of 10 published novels, will help would-be authors understand the steps needed to prepare a book they'll be proud to self-publish or publish as a result of a signed contract with a traditional publisher. These steps apply equally to memoirs and fiction genres. The first step is determining personal goals and how they fit within today's diverse publishing options. Lovely will explain the pros and cons of each publishing avenue from potential costs and/or income to turnaround times. Finally, Lovely will cover ways authors can strive to ensure a high-quality manuscript, including

research, point-of-view, setting, dialogue, character development, and story arc.

LINDA LOVELY'S second HOA Mystery, *"Neighbors To Die For,"* is the author's tenth published novel. Whether she's writing cozy mysteries, historical suspense, or contemporary thrillers, her novels share one common element-smart, independent heroines. Humor and romance also sneak into every manuscript. A long-time member of Sisters in Crime and former chapter president, Lovely also belongs to International Thriller Writers, Mystery Writers of America, and the South Carolina Writers Association. For many years, she helped organize the Writers' Police Academy. She's lived in South Carolina for more than 30 years. For more info: <https://lindalovely.com>

OUT-OF-TOWN VISITOR POLICY

UNLIMITED and PAYGO OLLI members may bring an out-of-town visitor to an OLLI class provided there is available space. A \$15 visitor fee plus any additional fee (if applicable) is required along with pre-approval from the OLLI office.

A USCBA OLLI parking decal is required on all three campuses. OLLI members are required to park in the student parking lots on the Bluffton campus except for handicapped parking. There is no designated OLLI parking required on the Beaufort and Hilton Head Island campuses. **There is handicap parking available on all campuses.**

New in 2023

CANCELLATION FEE

A **cancellation fee** applies to all OLLI courses that have additional fees (supply/trip/tour fees). UNLIMITED and PAYGO members will be assessed a **\$10 cancellation fee** for canceling a course that has additional fees (supply/trip/tour fees). This fee applies any time after enrollment into the class and registration payment. Any balance remaining from that course registration supply fee is credited* to a member's OLLI account for future class enrollments. No credit or balance refund is provided if cancellation is less than 72 hours before the course. Full forfeiture also applies to those members who do not show up for a class.

Example: A member enrolls in a cooking class which has an \$18 supply fee, which was paid upon registration. If the member cancels the enrollment in the class, the member is assessed a \$10 cancellation fee and \$8 is credited to the member's account to be used for a future 2023 class. This credit applies ONLY if the member cancels their enrollment 3 days or longer prior to the class date. If the member cancels the enrollment less than 3 days, or 72 hours, before the class date, the member forfeits the entire \$18 supply fee.

* OLLI Credits are valid for one year.

OLLI Digital Library (ODL) Summary

The following courses are scheduled to be recorded and added to the Winter/Spring 2023 OLLI Digital Library (ODL) after their live date listed on the course pages. Members who purchase the Unlimited term (\$125) option will have full access through May 31, 2023. These recordings will also be available to PAYGO members as a Pay-Per-View.

Unlimited Term Members do not need to register for a course offered on ODL..

WAYS TO GIVE TO USCB OLLI

Consider A Gift To OLLI

Consider making a tax-deductible gift to OLLI in a myriad of ways. Every dollar of your donation goes towards serving membership and creating educational and inspiring programs. Your gift directly impacts the strength and sustainability of USCB OLLI today and on the road ahead.

A Unique Gift:

To celebrate a birthday, anniversary or special occasion: to honor the memory of a loved one, friend, or instructor, consider giving a gift in their name and/or a gift certificate for membership and term fee.

A Gratitude Gift:

As a way to say "Thank You" to someone who touched your life or made an impact on you and your community, a donation in their name celebrating lifelong learning is a meaningful gift.

A Legacy Gift:

Leave a legacy. Consider OLLI in your will and planned giving opportunities. There are many ways to structure this thoughtful and planned type of gift. As a way to say "Thank You" to someone who touched your life or made an impact on you and your community, a donation in their name celebrating lifelong learning is a meaningful gift.

Volunteering:

Volunteers are essential to the success of OLLI through their assistance on projects, serving on curriculum and membership committees and acting as check-in helpers at classes. Volunteering is another currency to strengthen and sustain the USCB OLLI organization.

For more information or to schedule a confidential conversation regarding your tax-deductible donation to USCB OLLI, please contact
OLLI Director, Andrea Sisino at 843-208-8249.

Thank you for being a part of the USCB OLLI community!
